

Our Lady's Eco Newsletter

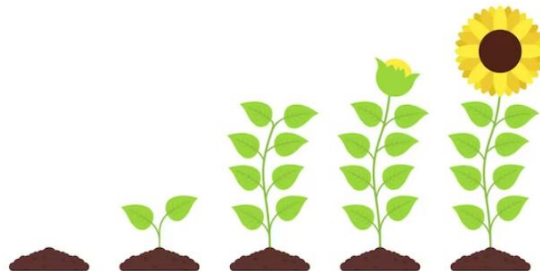

Summer -1 2023

Growing Competition

The date of our Growing Competition has been moved back to

To get involved all you have to do is have a go at growing a plant at home. Just take a picture of your child planting a seed or seedling and one of them looking after it as it grows. Post the pictures on your child's Seesaw account before the closing date, and your child will be entered into a prize draw for a chance to win some prizes.

Pond Update!

We will finally be creating our School Pond on Friday 14th July!

If you can and know anyone who can volunteer to help us to dig out and construct the pond area, please let the school office know.

Any help you can offer would be greatly appreciated!

Eco Tip

Take a Bike Ride!

Biking is an eco-friendly way to travel and is also a great what to exercise.

Using a bike also conserves non-renewable resources and reduces air pollution.

Thank You!

Thank you to all the parents who donated used dressing up costumes to the Reception Class. The children are loving dressing up and playing make believe in them!

As always, if you have any ideas or are able to help us on our Eco journey in any way please speak to Mrs Gawne-Sheridan or the school office.

Thank you!

Our Lady's Eco Committee

Donations Wanted

The Reception class would be very grateful for any donations of balance bikes and helmets in good condition.

Why balance bike? They are great for developing balance, coordination and core strength, which also helps to improve other skills such as handwriting.
